LIFE IS ADVENTURE

YOUNG PEOPLE GROW ON THE ROAD

Bangladesh Adventure Foundation is a non-profit youth development organisation. We use travel, adventure and volunteer service to help young people build confidence, look after their mental health and give back to their communities.

WHO WE ARE

YOUTH FIRST, ADVENTURE AS THE METHOD

We believe young people learn the most outside their comfort zone. A trek through the hills, a week in a village or a day spent helping after a flood teaches planning, patience, teamwork and empathy in a way a classroom rarely can.

> To promote adventure sports and activities among the youth of the country in order to build their personality and character by infusing in them a sense of discipline and national pride.
>
> OUR FOUNDING OBJECTIVE · MEMORANDUM OF ASSOCIATION

Every programme we run is shaped by volunteers and open to young people from any background, anywhere in Bangladesh.

Confidence · Wellbeing · Service · Leadership · National pride
